

Reg. Section 1.274-2(e)(2)(ii)

Disallowance of deductions for certain expenses for entertainment, amusement, recreation, or travel

...

(e) Expenditures paid or incurred before January 1, 1979, with respect to entertainment facilities or before January 1, 1994, with respect to clubs.

(1) In general. Any expenditure paid or incurred before January 1, 1979, with respect to a facility, or paid or incurred before January 1, 1994, with respect to a club, used in connection with entertainment shall not be allowed as a deduction except to the extent it meets the requirements of paragraph (a)(2)(ii) of this section.

(2) Facilities used in connection with entertainment.

(i) In general. Any item of personal or real property owned, rented, or used by a taxpayer shall (unless otherwise provided under the rules of subdivision (ii) of this subparagraph) be considered to constitute a facility used in connection with entertainment if it is used during the taxable year for, or in connection with, entertainment (as defined in paragraph (b)(1) of this section). Examples of facilities which might be used for, or in connection with, entertainment include yachts, hunting lodges, fishing camps, swimming pools, tennis courts, bowling alleys, automobiles, airplanes, apartments, hotel suites, and homes in vacation resorts.

(ii) Facilities used incidentally for entertainment. A facility used only incidentally during a taxable year in connection with entertainment, if such use is insubstantial, will not be considered a "facility used in connection with entertainment" for purposes of this section or for purposes of the recordkeeping requirements of section 274(d). See §1.274-5(c)(6)(iii).

(3) Expenditures with respect to a facility used in connection with entertainment.

(i) In general. The phrase "expenditures with respect to a facility used in connection with entertainment" includes depreciation and operating costs, such as rent and utility charges (for example, water or electricity), expenses for the maintenance, preservation or protection of a facility (for example, repairs, painting, insurance charges), and salaries or expenses for subsistence paid to caretakers or watchmen. In addition, the phrase includes losses realized on the sale or other disposition of a facility.

(ii) Club dues.

(a) Club dues paid or incurred before January 1, 1994. Dues or fees paid before January 1, 1994, to any social, athletic, or sporting club or

organization are considered expenditures with respect to a facility used in connection with entertainment. The purposes and activities of a club or organization, and not its name, determine its character. Generally, the phrase social, athletic, or sporting club or organization has the same meaning for purposes of this section as that phrase had in section 4241 and the regulations thereunder, relating to the excise tax on club dues, prior to the repeal of section 4241 by section 301 of Public Law 89-44. However, for purposes of this section only, clubs operated solely to provide lunches under circumstances of a type generally considered to be conducive to business discussion, within the meaning of paragraph (f)(2)(i) of this section, will not be considered social clubs.

(b) Club dues paid or incurred after December 31, 1993. See paragraph (a)(2)(iii) of this section with reference to the disallowance of deductions for club dues paid or incurred after December 31, 1993.

(iii) Expenditures not with respect to a facility. The following expenditures shall not be considered to constitute expenditures with respect to a facility used in connection with entertainment-

(a) Out of pocket expenditures. Expenses (exclusive of operating costs and other expenses referred to in subdivision (i) of this subparagraph) incurred at the time of an entertainment activity, even though in connection with the use of facility for entertainment purposes, such as expenses for food and beverages, or expenses for catering, or expenses for gasoline and fishing bait consumed on a fishing trip;

(b) Non-entertainment expenditures. Expenses or items attributable to the use of a facility for other than entertainment purposes such as expenses for an automobile when not used for entertainment; and

(c) Expenditures otherwise deductible. Expenses allowable as a deduction without regard to their connection with a taxpayer's trade or business such as taxes, interest, and casualty losses. The provisions of this subdivision shall be applied in the case of a taxpayer which is not an individual as if it were an individual. See also §1.274-6.

(iv) Cross reference. For other rules with respect to treatment of certain expenditures for entertainment-type facilities, see §1.274-7.

(4) Determination of primary use.

(i) In general. A facility used in connection with entertainment shall be considered as used primarily for the furtherance of the taxpayer's trade or business only if it is established that the primary use of the facility during the taxable year was for purposes considered ordinary and necessary within the meaning of sections 162 and 212 and the regulations thereunder. All of the facts and circumstances of each case shall be considered in determining the primary use of a facility. Generally, it is the actual use of the facility which establishes the deductibility of expenditures with respect to the facility; not its availability for use and not the taxpayer's principal purpose in acquiring the facility. Objective rather than subjective

standards will be determinative. If membership entitles the member's entire family to use of a facility, such as a country club, their use will be considered in determining whether business use of the facility exceeds personal use. The factors to be considered include the nature of each use, and frequency and duration of use for business purposes as compared with other purposes, and the amount of expenditures incurred during use for business compared with amount of expenditures incurred during use for other purposes. No single standard of comparison, or quantitative measurement, as to the significance of any such factor, however, is necessarily appropriate for all classes or types of facilities. For example, an appropriate standard for determining the primary use of a country club during a taxable year will not necessarily be appropriate for determining the primary use of an airplane. However, a taxpayer shall be deemed to have established that a facility was used primarily for the furtherance of his trade or business if he establishes such primary use in accordance with subdivision (ii) or (iii) of the subparagraph. Subdivisions (ii) and (iii) of this subparagraph shall not preclude a taxpayer from otherwise establishing the primary use of a facility under the general provisions of this subdivision.

(ii) Certain transportation facilities. A taxpayer shall be deemed to have established that a facility of a type described in this subdivision was used primarily for the furtherance of his trade or business if-

(a) Automobiles. In the case of an automobile, the taxpayer establishes that more than 50 percent of mileage driven during the taxable year was in connection with travel considered to be ordinary and necessary within the meaning of section 162 or 212 and the regulations thereunder.

(b) Airplanes. In the case of an airplane, the taxpayer establishes that more than 50 percent of hours flown during the taxable year was in connection with travel considered to be ordinary and necessary within the meaning of section 162 or 212 and the regulations thereunder.

(iii) Entertainment facilities in general. A taxpayer shall be deemed to have established that-

(a) A facility used in connection with entertainment, such as a yacht or other pleasure boat, hunting lodge, fishing camp, summer home or vacation cottage, hotel suite, country club, golf club or similar social, athletic, or sporting club or organization, bowling alley, tennis court, or swimming pool, or,

(b) A facility for employees not falling within the scope of section 274(e)(2) or (5) was used primarily for the furtherance of his trade or business if he establishes that more than 50 percent of the total calendar days of use of the facility by, or under authority of, the taxpayer during the taxable year were days of business use. Any use of a facility (of a type described in this subdivision) during one calendar day shall be considered to constitute a "day of business use" if the primary use of the facility on such day was ordinary and necessary within the meaning of section 162 or 212 and the regulations thereunder. For the purposes of this subdivision, a facility shall be deemed to have been primarily used for such purposes on

any one calendar day if the facility was used for the conduct of a substantial and bona fide business discussion (as defined in paragraph (d)(3)(i) of this section) notwithstanding that the facility may also have been used on the same day for personal or family use by the taxpayer or any member of the taxpayer's family not involving entertainment of others by, or under the authority of, the taxpayer.
